2 yr.	1-2	3.00	15.00
3 yr.	2-4	6.00	30.00
2-2	3-5	12.50	x

We have had many requests in the past for small seedlings that a person may secure at a low price and then put these in transplant beds for a few years prior to field planting. For these people and for others who have the same idea we are now listing this small size at a very low figure. We do not recommend these for direct field planting except in areas where they have proven themselves. The size of the following seedlings are one to two inch. No discount. Net price.

Scotch Pine	\$7.50 per 1000
Blue Spruce	\$8.00 per 1000

PLEASE NOTE

May we advise booking your order early—NOW—and avoid disappointment. Some items are in limited supply. May we therefore advise you to list secondary choices.

COLORADO BLUE SPRUCE

Very best for Ornamental, Christmas Tree and Landscape. Seed is from select trees of good color—the very best money can buy.

3 yr.	2-4	2.50	12.50

When To Plant Trees

Shipping Season:

Fall shipment will begin about September 15 and continue into November depending on weather. Trees will be shipped as close to your requested shipping date as weather permits. Give second choice on late order. Best results are obtained by spring planting as early in March as weather permits and up to May 15 as governed by weather. In fall planting greater care must be taken to see that sod is tightly packed around the roots when planted or fall and winter freezes and thaws will heave and expose the tree roots to air and the trees will die.

TERMS

This list cancels all former quotations. Prices subject to change without notice. Prices are F. O. B. Shelocta, Pa. We do not extend credit. Our low prices are for cash. All orders to be accepted must be accompanied by a deposit of at least 25%, balance prior to shipping or order will be sent C. O. D. There is a 50c packing charge on seedling orders less than 1000. Orders over 1000 will be packed free. Our free packing is your discount except that our list prices are subject to a 5% discount on quantity purchases of 25,000 or more. Send want list for special quotation on larger orders.

No order accepted for less than 25 of one kind and size. 50 of one size and kind at the 100 rate. 500 trees at the 1000 rate. Samples will be charged at the 100 rate. Should samples prove to be satisfactory and result in an order we will credit cost of samples toward your order and samples are free. Special offers will be sent postage prepaid, if they are paid for in full at time of ordering; otherwise they will be sent postage C. O. D. Please do not remit for shipping charges as shipping costs cannot accurately be estimated prior to date of shipment. Parcel post shipments sometimes get split in transit and some crates are delivered at different times. Wait a day or two before claiming shortages. We will notify you when we are making split shipments. Phone us several days before desired pickup date. When writing give us at least five days notice. We are equipped to grow many more trees than we do grow at present. We can contract to grow for you your future needs of evergreen stock. If interested, inquire. We also supply other Nurseries and many Mail Order Outlets with our seedling and transplants. If interested, inquire. Order early. Earliest orders given preference for earliest shipping dates. Our liability ceases when trees are delivered to carrier. If breakage occurs or if stock suffers through delay

in transit claims should be made on the transportation company immediately. We accept orders on the following basis: We do our best to ship stock to arrive at destination on your specified date. However due to changing weather we can not always guarantee to have trees at a destination on a definite date. We try very hard to keep our stock true to name and will upon proper proof replace any stock that is found otherwise; but it is mutually agreed that we will not be responsible for more than the original purchase price. We always strive to send out the best possible, healthiest trees and when trees leave our Nursery they are in tip-top condition. Since we have no control over them after they leave we cannot guarantee their survival if they are not properly handled or planted or if the weather is too dry or for any other reason that may cause poor survival. We reserve the right to cancel orders if necessitated by weather conditions or for any other reason beyond our control.

Besides offering the trade the evergreen seedlings listed here are we also have approximately 2000 acres of Christmas Trees lined out. We plant the strains of Scotch that we find best for our own plantations. (Origins on request). For anyone interested in cut Christmas Trees we invite your inspection.
